DO IT YOURSELF – IT’S “EASY”: BARENAKED LADIES are always looking for inventive, interactive and playful ways to involve their fans. For the first time in BNL history, the multi-tracks for the first single, “Easy,” off of their upcoming album, *BARENAKED LADIES ARE ME* (Sept 12, 2006), are available for download, allowing fans to remix, re-construct, re-edit and re-configure the 16 different tracks to create their very own personal version of “Easy.” Over the next few months, a total of 5 new songs from the album will be available this way. Once all songs are up, BNL will vote and pick 5 winners that will comprise an EP, which will be released later this year. The proceeds will go to charities close to the hearts of each band member.

The 16 tracks from “Easy” are 16 bit 44.1kHz WAV files ready for re-mixing. Cost for all 16 tracks is \$2.49. (note: each multi-track is copyrighted material). In addition, the band is offering a free 4-track download on their MySpace page (www.myspace.com/barenakedladies).

Visit www.bnlmusic.com or www.myspace.com/barenakedladies to start downloading and re-mixing now...it’s easy!
