## STEVEN PAGE RETURNS TO THE UK FOR DATES IN AUGUST

Following a string of rip-roaring shows in the UK in 2017, playing as a trio, Canadian music icon Steven Page will return triumphantly to the UK this August for a new set of shows including a performance at London's intimate Union Chapel and his first ever solo dates in Ireland.

Of last year's tour and the new dates Steven says, *"After 10 years away, I brought my trio over to the UK last October to see if people still wanted to hear me in concert. I was blown away by the response. It was a truly moving and inspiring experience for all of us and I promised to return as quickly as possible. I'm thrilled to announce our return this coming August"*.

Steven Page's distinctive and powerful tenor is among the most instantly recognizable voices in popular music today. The singer/songwriter is a founding member of The Barenaked Ladies with whom he toured the globe and sold millions of albums. It was recently announced that the band and Steven will be reunited for their induction into the Canadian Music Hall Of Fame at the 2018 Juno Awards this March, nearly 30 years since their genesis. Of the induction, Steven posted on social media- *"I have so many great memories of my years with Barenaked Ladies, from our beginning in our parents' basements to playing our songs for audiences all over the world. I'm incredibly proud of all we achieved together, the greatest of all being the fact that our music continues to be a part of so many Canadians' lives. Congratulations to the guys - I'm humbled by our induction into the Hall of Fame."*

Steven has continued his artistic evolution with a diverse array of solo projects since leaving Barenaked Ladies in 2009. To that end, he has composed six theatrical scores for Canada's

Stratford Festival, including 2016's production of Macbeth, collaborated and toured with Toronto's innovative Art of Time ensemble and journeyed across North America as host of TV's The Illegal Eater while continuing to write, release and perform his original music and at the new dates you can expect to hear all exciting new material as well as BNL classics as only Steven can sing them. Steven is currently working on a Stratford-commissioned musical he's writing with Governor General's Award-winner Daniel MacIvor and a new album of his own original material entitled DISCIPLINE: HEAL THYSELF PT. 2 is scheduled for release this year.
